Tæppet hækles med corner to corner metoden "C2C".

Mønstret består af et diagram og en beskrivelse til hver omgang, så du kan holde styr på hvor mange pixels du skal hækles for hver farve. Hvis der ikke er noget nummer efter farven, skal den kun hækles 1 gang. Pilene i opskriften viser hvilken vej omgangen skal hækles. Begynd i nederste højre hjørne.

Et godt tip er at hæfte enderne efterhånden, som du hækler, så du slipper for en million ender, der skal hæftes til sidst. Hvis du synes, det er besværligt at holde styr på en masse forskellige nøgler, kan du med fordel hækles noget af garnet op på tøjklammer, så du nemt kan hæfte de farver fast, som du ikke lige bruger og have dem siddende på klemmerne, imens du hækler for at undgå at garnet filtrer sig sammen.

CORNER TO CORNER

Omgang 1

1. Start med at lave 5 luftmasker

2. I tredje luftmaske hækles 1 stgm

3. Hækl stgm i de næste 2 lm. Du har nu hæklet din første pixel.

Omgang 2

1. Lav 5 luftmasker

2. Hækl 1 stgm i tredje lm fra nålen

3. Hækl 1 stgm i de næste 2 lm. Nu har du yderligere en pixel.

4. Nu skal pixeln hækles sammen med første pixel. Dette gør du ved at vende på pixeln og hækle en km i venstre side af den første pixel. Billedet viser de 2 sammenhæklede pixels.

5. Lav 2 lm (erstatte den første stgm)

6. Hækl 3 stgm i den lm-bue, som du lige har hæklet en km i. Du har nu 2 pixels på omgang 2.

Omgang 3

1. Lav 5 lm

2. Hækl 1 stgm i tredje lm fra nålen og derefter 1 stgm i de sidste 2 lm.

3. Hækl 1 km i pixeln under.

4. Lav 2 lm og hækl 3 stgm i den 1m-bue som du lige har hæklet 1 km i.

5. Lav 1 km i pixeln ved siden af. Lav 2 lm. Hækl 3 stgm i den 1m-bue, som du lige har hæklet 1 km i. Du har nu 3 pixels og omg. 3 er færdig.

Indtagninger til hjørne

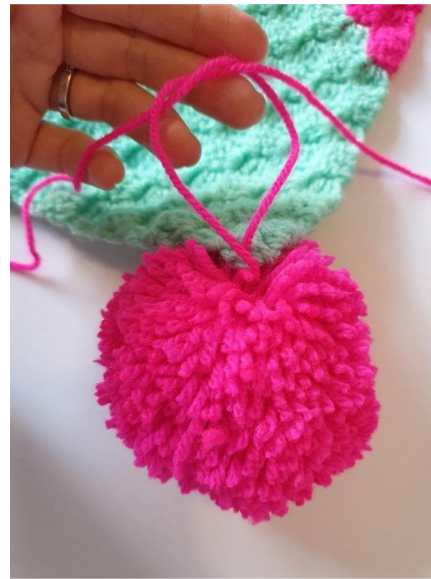

1. I stedet for at lave 5 lm på slutningen af omgangen hækles 3 km på siden af den sidste pixel.

2. Fortsæt med at hække pixels som før omgangen ud.

3. Her kan du se, hvordan du laver indtagninger når der skal tages ind i slutningen af en omgang ved at hække 2 pixels sammen med 1 km.

God fornøjelse :-)
